

### **Laine Alston (for a first term ending in 2017)**

I am really thrilled at the prospect of serving you all and this beloved island on the Board, and appreciate your consideration. I have summered on MacMahan my entire life. At three months, I was literally brought to the Island in a cardboard box and have never been the same. MacMahan, for me, as it is for so many of you, is my haven. As someone who has moved a lot both in the U.S. and abroad, it is my constant home and forever community. I have dedicated my life's work to community building. For over two decades, I have done this as an organizer and advocate in and for low income communities here and in Mexico. And now as a program officer at the Ford Foundation, the second largest philanthropic organization in the world. As a result, I have a depth of knowledge and experience in civic engagement, participatory and consensus building processes, and non profit management, including what is required to have a healthy board and to evaluate successful operations.

I am a mother of two elementary school age MacMahaners, both of whom have particular zeal for east float swimming, picnics at Cory Cove, barefooted round-the-island rock climbing and twice daily trips to the post office (i.e. candy store). I am committed to creating a culture on the Island that is peaceful, enjoyable and meaningful for this generation as well as for generations to come. I would be honored to work towards this as a member of your board.

### **Doug Calhoun (for a second term ending in 2017)**

I have been coming to MacMahan since 1986 when I first came with Holly and the rest of the Allen family. For the past 28 years I have been on the island most weekends from May through November. I have a great love for this beautiful island and look forward to keeping it pristine and affordable for our children and grandchildren. Now that I am retired, I will be spending summers on the island. I live in Maine and am able to commit to Board meetings throughout the year. I served on two local boards in Brunswick from 2005 to 2010. I have served on the SICO Board for the past 3 years and am looking forward to serving another term.

### **Lucy Stinson (for a second term ending in 2017)**

I bring lots of board experience to the table, from a two-term hitch on the SICO Board in the late 1990s/early 2000s when I served as Treasurer and President, and another term these last three years, serving as President this past year, to many boards in the greater Bath community. I also served as Executive Director of the Maine Trial Lawyers Association for 15 years, where I worked with volunteer board members as a paid employee and assisted them to advance the causes of the association. My family and I treasure our MacMahan cottage and the community here. I am on island from May to October, and have the time and energy to devote to being a steward of the island and its community, and to work to keep it affordable for generations to come. I thank the MacMahan community for considering me for another term.
